

Trinkwasseranlagen/Watermakers von 15 - 300 lit/h

Badeleiter / Strickleiter

Rope Ladders

These handy, easily stored, rope ladders are designed to be used on boats for easy boarding. As ladder secures around any cleat, no permanent mounting is necessary.

Aluminum Ladders

Made from 25mm marine grade anodized aluminum tubing, with non-slip polypropylene steps. Ladders come complete with two stand-off feet to suit the contours of most hulls. Hooks fold flat for out-of-the way storage.

Inox Ladders

Made from 25mm marine grade stainless steel tubing, with black non-slip polypropylene steps. Ladders come complete with two stand-off feet to suit the contours of most hulls. Hooks fold flat for out-of-the way storage. Sold in pairs with backing pads.
